

Killing Them Softly

SENATOR

You don't understand fuckin English! I wanna talk to the president.

AIDE

He's unavailable.

SENATOR

Unavailable to me? He wasn't unavailable on several other large occasions.

AIDE

Whatever you want me to tell him, I'll...

SENATOR

Tell him for starters that his veto of Children's Health Insurance totally bums me out.

AIDE

It's a complex issue. We can't let the other party demagogue it.

SENATOR

The voters don't care diddley shit about complexity. They care about children being harmed. Is everyone up there too fuckin thick to understand that?

AIDE

There may be a small compromise.

SENATOR

Your ass is a small compromise! I'm running in '08! I can write the copy of their ads now. A trillion for wars, but for children... !

AIDE

As I say, they'll demagogue it.

SENATOR

How dreadful of them! Don't invite a one of them to your next tea-bagging!

AIDE

Will that be all, Sir?

SENATOR

Tell that fuckhead he might as well just shoot me!
